DRIVER'S RIGHTS PERTAINING TO RELEASE OF DRIVER INFORMATION UNDER REGULATION 391.23

Motor carriers have the responsibility to make the following investigations and inquiries with respect to each driver employed, other than a person who has been a regularly employed driver of the motor carrier for a continuous period, which began before January 1, 1971.

- a) (1) An inquiry into the driver's driving record during the preceding three years to the appropriate agency of every State in which the driver held a motor vehicle operator's license or permit during those three years; and (2) An investigation of the driver's employment record during the preceding three years.
- b) A copy of the driver record(s) obtained in response to the inquiry or inquiries to each State driver record agency, as required. This must be placed in the Driver Qualification File within 30 days of the date the driver's employment begins and be retained in compliance with 391.51.
- c) Replies to the investigations of the driver's safety performance history must be placed in the Driver Investigation History File within 30 days of the date the driver's employment begins. This is effective as of October 30, 2004.
- d) Prospective motor carriers must investigate the information from all previous employers of the applicant that employed the driver to operate a CMV within the previous three years. This information must cover general driver identification and employment verification information, data elements as specified in 390.15 for any accidents involving the driver that occurred in the three-year period preceding the date of the employment application, and any accidents the previous employer may wish to provide.
- e) Prospective motor carrier must investigate the information from all previous DOT regulated employers that employed the driver within the previous three years from the date of the employment application in a safety-sensitive function that required alcohol and controlled substance testing specified by 49 CFR Part 40.

Drivers have the following rights:

1. The right to review information provided by previous employers.
2. The right to have errors in the information corrected by the previous employer and for that previous employer to re-send the corrected information to the prospective employer; and
3. The right to have a rebuttal statement attached to the alleged erroneous information if the previous employer and the driver cannot agree on the accuracy of the information.

Drivers who wish to review previous employer-provided investigative information must submit a written request to the prospective employer when applying or as late as 30 days after employed or being notified of denial of employment. The prospective employer must provide this information to the applicant within five business days of receiving the written request. If the driver has not arranged to pick up or receive the requested records within 30 days of the prospective employer making them available, the prospective motor carrier may consider the driver to have waived his/her request to review the records.

Drivers wishing to request correction of erroneous information in records must send the request for the correction to the previous employer that provided the records. After October 29, 2004, the previous employer must either correct and forward the information to the prospective motor carrier employer or notify the driver within 15 days of receiving the driver's request to correct the data that it does not agree to correct the data. Drivers wishing to rebut information in records must send the rebuttal to the previous employer with instructions to include the rebuttal in the driver's Safety Performance History.

I acknowledge that I have read and understand the contents of this document.

MEDICAL DECLARATION

On March 30, 1999, Transport Canada, and U.S. Federal Highway Administration (FHWA) entered into a reciprocal agreement regarding the physical requirements for a Canadian driver of a commercial vehicle in the U.S., as currently contained in the Federal Motor Carrier Safety Regulations, Part 391.41 et seq., and vice versa. The reciprocal agreement removes the requirement for a Canadian driver to carry a copy of a medical examiners certificate indicating that the driver is physically qualified. (In effect, the existence of a valid driver's license issued by the Province of Ontario is deemed to be proof that a driver is physically qualified to drive in the U.S.). However, FHWA will not recognize an Ontario license if the driver has certain medical conditions, and those conditions would prohibit him from driving in the U.S.

- 1) I, _____ certify that I am qualified to operate a commercial motor vehicle in the United States. I further certify that:
- 2) I have no clinical diagnosis of diabetes currently requiring insulin for control.
- 3) I have no established medical history or clinical diagnosis of epilepsy.
- 4) I do not have impaired hearing. (A driver must be able to first perceive a forced whispered voice in the better ear at not less than 5 feet with or without the use of a hearing aid or does not have an average hearing loss in the better ear greater than 40 decibels at 500Hz, 1000Hz, or 2000Hz with or without a hearing aid when tested by an audiometric device calibrated to American national Standard Z24.5-1951).
- 5) I have not been issued a waiver by the Province of Ontario allowing me to operate a commercial motor vehicle pursuant to Section 20 or 21 of Ontario Regulation 340/94. I further agree to immediately inform the Safety or Operations Manager should my medical status change, or if I can no longer certify condition A to D, described above.

It is **Company** policy to obtain a list of both commercial and personal motor vehicle violations for each driver operating under its authorities, on a periodic basis. As a condition of my employment or contract of service, I _____, hereby provide written authorization from the company to obtain such information.

I certify that I have read and understood the above requirements.
